

Driver Hurt in Roll-Over

Greg Morrill, 20, of Grayling, suffered a fractured pelvis and multiple cuts after a vehicle he was driving rolled over along Manistee River Road Saturday morning, May 11.

Crawford County Sheriff deputies said the vehicle driven by Morrill was traveling south on the road about 2:40 a.m. when it failed to negotiate a curve and went off the road rolling over. Mark Rutter, 20, of Grayling, was a passenger in the vehicle and was listed as not injured. The accident occurred about 4½ miles north of M-72 West. The accident is still under investigation. The Crawford County Ambulance Corps, Frederic Township Ambulance Crew, and Grayling Fire Dept. with the jaws of life equipment were called to the scene.

Number of Forest Fires Drop

Only two forest fires were reported last week by the Grayling DNR field office and both of the fires took place on Range 40 north of County Road 612. The Gaylord DNR fire fighting crew handled both of the fires.

The Grayling DNR forest fire crew reported good cooperation among county residents in obtaining burning permits and following burning laws. Most of the fires started in Crawford County are caused by people burning debris.

Military Truck Stolen

A 2½-ton military truck was found less than an hour after it was reported stolen from Camp Grayling Friday, May 10. The truck reported stolen at 10:30 p.m. from Camp Grayling and it was recovered by sheriff deputies at 11:43 p.m. along M-93. The theft is still under investigation.

Navy Ship to be Dedicated To Son of Grayling Woman

The Pfc Dewayne T. Williams, a U.S. Navy Maritime Prepositioning Ship (MPS) will be christened on May 18 at the General Dynamics Quincy, Massachusetts Shipbuilding Division. The ship is named for U.S. Marine Corps Medal of Honor winner PFC Dewayne T. Williams, who was killed in Viet Nam in 1968 while saving the lives of his fellow patrol members during an ambush.

The ship's sponsor will be PFC Williams' mother, Mrs. Howard C. Williams, of Grayling. Featured speaker at the christening will be Lieutenant General George B. Crist, USMC, Deputy Chief of Staff for Installations and Logistics. All MPS ships are named for officers and men of the Marine Corps who have been awarded the Medal of Honor.

The mission of the 22,700-ton ship is to provide support for the U.S. Rapid Deployment Force. Stationed at forward bases in regions of potential crisis and fully loaded with military cargoes, it will be ready at all times to get underway. With nearly four acres of cargo space on seven decks, the ship can deliver the ammunition, fuel, supplies, and equipment needed by one-quarter of a Marine Amphibious Brigade or roughly 3,000 men. It would require about 250 Boeing 747s to provide equivalent capacity by air.

Dewayne T. Williams was given the Medal of Honor for gallantry at the risk of his life above and beyond the call of duty while serving as a rifleman with the First Platoon, Company H, Second Battalion, First Marines, First Marine Division in action in the Quang Nam Province, Republic of Viet-Nam.

Williams was a member of a combat patrol sent out from the company's area of operations, from which it could intercept and destroy enemy sniper teams operating in the area. On the night of 18 September 1968, the patrol was attacked from ambush

by a squad of enemy using small arms and hand grenades.

Although severely wounded in the back by the close intense fire, Williams, recognizing the danger to the patrol, immediately began to crawl forward toward a good firing position. While he was moving under the continuing intense fire, he heard one of the members of the patrol sound the alert that an enemy grenade had landed in their position. Reacting instantly to the alert, he saw that the grenade had landed close to where he was lying and without hesitation, in a valiant act of heroism, he rolled on top of the grenade as it exploded, absorbing the full and tremendous impact of the explosion with his own body.

Through his extraordinary initiative and inspiring valor in the face of certain death, he saved the other members of his patrol from serious injury and possible loss of life, and enabled them to successfully defeat the attackers and hold their position until assistance arrived. His personal heroism and devotion to duty upheld the highest traditions of the Marine Corps and the United States Naval Service. He gallantly gave his life for his country.

His mother, Mrs. Howard C. Williams, the former Rose Mary Lou Smith, is the daughter of Clyde and Betha Smith.

She was born in Smith Creek, Michigan on February 9, 1931. A life-long Michigan resident she was raised and attended schools in the towns of Smith Creek, Alba, and Capac.

In 1948, she married the late Howard C. Williams, settled in St. Clair, Michigan, and beginning with the birth of Dewayne in 1949, set about raising a family of seven children.

Mrs. Williams who now has 19 grandchildren, has always been quite active in 4-H Club activities, is renowned for her culinary skills, is an accomplished seamstress, and is currently a hospital worker at the Grayling Mercy Hospital.

Community Asked To Select Depot Color

Crawford County residents will have a chance to select the color of paint for the Grayling railroad depot.

Renovating the depot has been a community project led by the Grayling Rotary Club. It seems fitting that the community should have a say in selecting the color of an important downtown building.

About \$9,000 has already been raised and spent putting a new roof on the depot, hydro-spraying the interior and exterior, and renovating a large room in the west portion of the depot.

The Grayling High School building trades has been supplying free labor for most of the renovation project.

They're also re-conditioning a desk that was in the depot for a drawing to raise money to paint the depot. Rotarians are selling tickets for the drawing.

Rotary member Randy Thompson says

the organization is looking into having Camp Lehman paint crews help paint the depot but building height restrictions may prevent the work crews from participating.

If the painting is contracted out, it will cost between \$3,000 and \$3,500, Thompson estimated.

The railroad depot renovation fund has about \$600 left after the roof was put on and the other work completed.

The Rotary is starting a "Paint The Depot" drive to raise enough money to paint right away to have the depot look good for this summer season.

Community citizens can contribute to the project while they help choose the color to paint the building. It is not necessary to donate to send in a choice of color but donations of any amount will help get the painting project started sooner.

Here's how to help choose a color. Just fill in the selection form below.

Jury Clears County In \$2 Million Lawsuit

A six-person jury in federal district court at Bay City last Friday found Crawford County sheriff officials did not violate the civil rights of Fredrick and Emma Ahnrs.

The Ahnrses, former Crawford County residents, were seeking \$2 million in damages claiming they were harassed by sheriff deputies.

After 11 days of trial proceedings, the jury found no cause for action against the defendants deputy Jeffrey Anthony, deputy Arthur Clough, deputy William Heemer, deputy Michael Johnson, Sgt. Paul Smith, former Sheriff Joseph White, the Crawford County Sheriff Department, and the County of Crawford.

"They were serious allegations, of course," said Christopher Johnson, an attorney for the law firm of Cummings, McCreary, Davis, and Ache, which represented Crawford County. "We were really pleased to see that the jury system works so well and we really thought that justice was served."

The Ahnrses were represented by attorney Harry P. Gill, Jr., with the law firm of Smith and Brooker. Gill had no comment of the jury verdict but said he is in the process of filing post-trial motions and is considering asking for a new trial.

the county had good representation and county witnesses knew what they were talking about.

"I knew we had the truth on our side," Kitchen said. "I had read depositions, I kept in contact with it (the case). Consequently, I knew that we should win. But should win and win isn't always the same thing because I don't know those jurors, I don't know their minds, how they look at things. I don't know if they like policemen or not."

"We felt that our trustworthiness and our reputations had been tarnished in Crawford County," said jail administrator Michael Johnson at the news conference. "And we felt that by being given our day in court we were able to prove that we were right - we never did this to this man."

"To the best of my knowledge, this is the first time on a lawsuit the sheriff department went in and fought it," said current Sheriff Harold Hatfield. "Too often they take and pay off and it always makes the officer or the department look guilty. This time we went to court and we proved we were right."

Mary Harland, chairwoman of the county board of commissioners, said the total cost to the county for defending the case in the trial is not known yet. The county is insured through the Michigan Municipal Risk Management Authority, but has a \$50,000 deductible. Harland said the county's attorney will be attempting to recover some money by filing for the plaintiffs to pay some of the court costs.

School Board To Hold Special June Meeting To Decide GMS Issue

The Crawford AuSable School will hold a special meeting Monday, June 3rd, to decide on a proposed Grayling Middle School ballot issue tentatively scheduled for September.

At their regular meeting Monday, May 13, the school board were presented seven alternatives to consider for solving the middle school problem, an elementary classroom shortage, and major district maintenance problems.

The alternatives came from 35 persons who attended five public meetings at Lovells, Frederic, and Grayling.

The seven alternatives given to the board to consider placing on the ballot were the following:

- 1) New middle school on different site - \$5,173,000 - 2.8 mills for 20 years or 3.21 mills for 15 years.
- 2) New middle school plus new roof at Grayling Elementary and adding five classrooms at Grayling Elementary - \$5,731,000 - 3.44 mills for 20 years or 3.81 mills for 15 years.
- 3) Renovate middle school - \$3,841,000 - 2.14 mills for 20 years or 2.51 mills for 15 years.
- 4) Renovate middle school plus Grayling Elementary new roof and additional classrooms - \$4,399,000 - 2.44 mills for 20 years or 2.81 mills for 15 years.
- 5) Renovate middle school plus major district maintenance projects - \$4,216,000 - 2.33 mills for 20 years or 2.70 mills for 15 years.
- 6) Three separate issues: I. Renovate middle school. II. Grayling Elementary roof and additional classrooms - \$558,000, 3 mills for 20 years or .34 mills for 15 years. III. Major district maintenance projects - \$375,000, .21 mills for 20 years or .25 mills for 15 years.
- 7) Renovate middle school, Grayling Elementary roof and classrooms, and major

district maintenance projects - \$4,775,000 - 2.62 mills for 20 years or 3.0 mills for 15 years.

All the figures presented are estimates.

Crawford AuSable School District Superintendent Kent Reynolds recommended the board place one single issue on the ballot dealing only with the middle school and Grayling Elementary problems.

He recommended asking the voters for a complete renovation of the middle school and moving the current bus garage there to the high school. Included with this proposal would be adding classrooms at the Grayling Elementary, installing a new roof there, replacing the boiler, renovating the playground, improving the traffic flow, and installing carpet. The total cost would be \$4,672,000 at 2.57 mills for 20 years or 2.95 mills for 15 years.

Reynolds said the complete renovation of the Grayling Middle School would "for all practical purposes, build a new building inside the confines of the old building."

"The only thing remaining of the existing middle school," said Reynolds, "would be the footings, the four outer walls, and the concrete floors under the science labs and computer lab."

He said the building exterior would be repaired but keep its former appearance.

To tear everything down and build an entire new building at the site would cost \$1 million more, he said.

The renovation would include an addition to connect the gym and classroom building. The addition would have a cafeteria to seat 300 students at one time, a music room, and space for fifth grade physical education.

The middle school gym would also be renovated in the proposal.

Renovation of the middle school would allow five more classrooms in the building

## From Our Corner...

Mother's Day '85 is now history...we're going to sit back now and wait and see if we get to sleep in an extra hour on Dad's Day...we tried to make Mother's Day pleasant for our bride on her day...you won't believe this but, we had to prod her to go to the links in the morning with Gloria Hector, and while she was gone I got dish pan hands cleaning up the kitchen from Saturday evening, besides putting up some screens to help let a little air in, which she requested Saturday...we had brunch at the hotel so she wouldn't have to cook...I guess what also made the day nice was the fact it didn't snow like it had in the past two years...I'm glad the day is over with, and I know I have forgotten something that I should have taken care of, but then, I can only be perfect now and then...

We have to chalk one up for Father Bill at his Mass Saturday evening, Gloria told Thelma while they were out on the course that Father Bill mentioned, "he couldn't figure out how come Mothers' only have one day a year, and pickles have a whole week", wish we had said that...

Do you want to go out and have a good time? ...and not have to get dressed up in your Sunday going-to-meet-n clothes, and at the same time help the Crippled Children...well, the chance is now, the AuSable Shrine Club of Grayling and Roscommon will be holding their 2nd annual "Hard Times" dinner-dance May 18th at Patti's Country House... get into your grubbies and join the fun and feel warm inside when you know all proceeds go to the Crippled Childrens Hospital...the tariff is a meager \$7.50 per and includes suds, dinner and dance...

While on parties and such...we'll mention here that the folks down south of us, Roscommon that is, are planning a get-together for Earl "Jug" Haight, long time Bucks coach, who retired a while ago from coaching but, now will be leaving the Gerish-Higgins School System after 44 years of service...the festivities are set for June 23rd at the Roscommon K of C hall starting at 2:00 p.m. with a social hour...Sheba, his bride, told us that he is leaving under protest, all I can say is we wish someone would kick us out the door...more information on the party is elsewhere in the Big A...

While we are on the subject of Roscommon we would like to mention here that the Right Rev. Walter B. was in town last week and we met him on our way to the bank and he told me there was no sense in going that he had beat me and drawn it all out...he said he needed it to get back to Arkansas... for our readers who may not know the Right Rev., he too is a transplant such as I, Walter B., better known as Bert the Barber came from Roscommon many moons ago and hung up his shingle on Michigan Avenue from which he held court...at one time it was a battle between he and Spike at the Keg to see who could come up with the bigger lie that everyone would believe...We forgot to ask him if he had promoted any Razorback contests down there like he and the Leprechaun had the Opossum hunt here...wuz good to see him...

The oranges are out and the Orioles are back... like everyone we talk to they are an expensive entertainment, but dang it all, they are fun to watch...and then anyone who likes orange pop can't be all that bad...we were talking to Bill Tufts Sunday and he mentioned, he had given up drinking a long while ago, as well as smoking, so what is there for me to spend my money on that gives me so much enjoyment...and here all along I thought we were the only crazy one that liked to watch a bird go after our favorite drink...

We mentioned last week about maybe moving out to the shed if our den never got fixed...well, for get it...we could hardly find the screens to put up Sunday...there is more stuff (junk) than in my fantasy den...

With this we will bid our little ones, T.J., Stefany and Amber good night, and to all have a nice weekend...

James Thompson, M. & N.E. station agent at the local station, landed a rainbow trout Sunday that will hold the record for catches in the local streams for the season. The fish weighed seven pounds and six ounces and measured 28 1/4 inches. This was caught near the bridge of the Manistee River. It was only by tiring it out after a two-hour battle that he finally landed it.

Leo Gaffney of Roscommon is credited with landing a big trout last week while fishing in the South Branch of the AuSable. It measured 17 1/2 inches.

Miss Augusta Kraus and party of friends spent the weekend at Bid-A-Wee cottage, Portage Lake.

Earl Madsen, after spending the winter here, left Wednesday for Montana, where he expects to remain indefinitely.

Miss Mabel Brasie left on a business trip to her old home in North Branch, Tuesday, and expect to be gone until Sunday.

## The Bible Speaks

From Calvary Baptist Church

### HOLOCAUST

The Jews are reminding us all of the death camps of Nazi Germany 40 years ago. The blacks continue to remind us of slavery in America's past. But will we learn from history? Edward Gibbon wrote in "The History of the Decline and Fall of the Roman Empire" that "the discretion of the judge is the first engine of tyranny."

Following the Dread Scott decision, Abraham Lincoln said in his First Inaugural Address in 1861: "...the candid citizen must confess that if the policy of the Government upon vital questions affecting the whole people is to be irrevocably fixed by decisions of the Supreme Court... the people will have ceased to be their own rulers, having to that extent practically resigned their Government into the hands of that eminent tribunal."

In spite of serious warning, we allowed the Supreme Court to become a despot in the Roe v. Wade decision. This illegal, unconstitutional action by legislation declared unborn babies to be non-human, and void of individual worth or consideration. With 15 million victims of this holocaust before us, we are more appalled by the bombing of buildings than the burning of babies. With apathy we watch the fulfillment of Thomas Jefferson's prophecy: "Nothing in the Constitution has given them (the Supreme Court) a right to decide for the Executive, more than the Executive to decide for them. The opinion which gives to the judges the right to decide what laws are constitutional, and what not, not only for themselves in their own sphere of action, but for the Legislative and Executive also, in their spheres, would make the judiciary a despotic branch."

Harvard law professor Abram Chayes has said of judiciary control in America: "Its chief function now is as a catalyst of social change with judges acting as planners of large scale." Our federal court system has become a new oligarchy appointed for life which answers to no one. Through an army of lawyers, every area of your life and death is being determined for you without your voice or permission.

The "Loving" liberals who fought to spare the lives of criminals from capital punishment and Communists from war, are now killing the unborn, the deformed, the weak, and the elderly among their own people. The steps from abortion to infanticide to euthanasia are moving on schedule. It is a crime to burn your draft card, but it is legal to kill your baby.

In this post-Christian era, you are no longer considered an individual with human dignity, but a disposable meat machine with replaceable parts. Your future life and death will become increasingly determined by the government and scientific elite. New medical technology will become more and more limited to your financial worth, insurance companies, and the government. An immediate revival of Bible Christianity is our only hope to avoid man's worst holocaust.

## School Truth-in-Taxation Hearing Set for May 21st

The Truth-in-Taxation hearing for the school district on May 21st is required by law, according to Paul Lerg, Crawford AuSable assistant superintendent. The legally required notice implies a tax increase beyond voted levels. The truth regarding truth-in-taxation is actually that a resolution to levy all the voted millage - but not more than the voted millage - is being considered, said Lerg.

## Vikings Play Rogers City In Regional Baseball Saturday

The Grayling Vikings will take on Rogers City Saturday at 10 a.m. here in qualifying action for the state regional baseball tournament.

The Vikings can blame Disney World for a part in a doubleheader loss last Tuesday to Charlevoix 13-6 and 7-6.

Viking senior baseball players Jeff Branch, Jon Nicholas, Rod Patterson, Dean McKinney, and Brad Naghtin spent five days on their senior trip to Disney World and missed baseball practices.

In the first game against Charlevoix, Grayling started two juniors, three sophomores, and four freshmen.

Grayling fell behind 3-0 in the first inning and were trailing 5-1 when Charlevoix broke through for five runs in the sixth inning.

Grayling came back with four runs in their part of the sixth inning capped by a two-run home run by Jeff McClellan. It was McClellan's third home run of the young season.

Patterson came off the bench to go three for four,

George Duncan went two for four with a double and scored two runs. Nicholas added an RBI and John Meagher had three RBIs and one hit.

Kevin Hudson and McKinney split the pitching duties with Hudson, the starter, getting the loss.

In the second game, Viking coach Fred Wolcott said Grayling could have won but mental mistakes let in two Charlevoix runs.

Grayling bunched together four runs in the fourth inning to take a 4-3 lead. Branch, McClellan, Patterson, and Jeff Palmer scored on singles by Branch, McClellan, Palmer, and Nicholas and a walk to Patterson.

Charlevoix took the lead back 5-4 in the top of the fifth.

The Vikings scored two more to regain the lead in the bottom of the fifth. Meagher, McKinney, and Patterson singled with Meagher and McKinney scoring.

Charlevoix won the game with a two-run home run in the top of the sixth.

**OPERATION BENTLEY** — Jeff Martinez, GHS junior, has been selected to attend a government training and education session known as Operation Bentley. Martinez, the son of Rudy and Roberta Martinez, will attend the 10-day program at Albion College from May 17 to 25. His government instruction, Howard Lehti, said Martinez was selected from more than 300 applicants statewide. GHS has participated in Operation Bentley since 1979. ## R.S.V.P. News

By Aleta Thompson, Director

We would like to thank all our volunteers and the staff at the Holiday Inn for making our Recognition Dinner the success it was. We hope everyone enjoyed the dinner and the entertainment. It is just one of our ways to thank you the volunteers for your help this past year.

Now that summer is almost here, we will be needing volunteers for the following stations:

Hartwick Pines  
Crawford County Historical Museum

Fish Hatchery

If you are interested in any of the above, contact us at the office Monday thru Friday 8:30 to 4:30 or call us at 348-4341 or 348-8322. The only criteria for participation in R.S.V.P. is that a person be 60 years or older.

## Par For The Course

The Hookers and Slicers Couples League will have a "Get Acquainted" day to start the season on May 30th at 4 p.m. Come prepared to play 9 holes of golf, with a "Welcome Back" social time afterward. New members more than welcome.

## Cost of Elections Rising

by Richard Millman

THE COST of winning an election these days makes one wonder whether it's all worth it. The cost of losing is pretty high, too.

A case in point is the recent special state senate election in the Grand Rapids area. A vacancy was created when the incumbent, Paul Henry, was elected to Congress last November.

State Rep. Vernon Ehlers finally won the Senate seat, defeating former Sen. Stephen Monsma. But in that single race the price tag was astronomical.

Together, the two major party candidates spent more than \$525,000 - the most ever spent on a legislative race in Michigan. Republican Ehlers reported spending \$284,640 and Democrat Monsma reported spending \$262,858.

IN ADDITION the Michigan Republican Party spent more than \$203,000 on Ehlers' cause, while Democrats shelled out a smaller amount for Monsma. That isn't taking into account either the help given one candidate or the other by unions, professional groups, and other backers.

The state senate job, incidentally, pays about \$30,000 a year.

Of course, in the Ehlers-Monsma race, political control of the state Senate was at stake. Ehlers' win maintained the razor-thin Republican margin in the Senate, along with all the committee chairmanships, larger staff, more influence, etc. That makes the attention a bit more justifiable.

But spending more than half a million dollars for a job that is valued at \$30,000 a year? It sure makes you wonder what's wrong with the system.

Ehlers, of course, had to resign his state house seat to move to the Senate. One result: another special election. The campaign is underway again. Is it ever over?

THE VALUE of incumbency cannot be overestimated either. Take a look at the congressional races in Michigan last year.

Only one incumbent was unseated, and no others were in any real danger of losing, as

the voting turned out.

U.S. Rep. Bill Schuette of Midland upended sitting Congressman Don Albosta in the sprawling northern Michigan 10th District. The margin was less than one percent, but even so, Schuette performed against the historical tide.

To win that race, Schuette - an energetic young attorney from a well-to-do family - devoted two years practically full time campaigning, and the campaign spent more than \$700,000.

Is it all worth it? Congress pays about \$70,000 per seat. Again, you've got to wonder.

REPUBLICANS are still holding their traditional Lincoln Day dinners this time of year, even though Lincoln's birthday was February 12.

Most of the programs wallow in the words and wisdom of Abraham Lincoln, as well they should. He was an exemplary person.

One of my favorites from Lincoln frequently appears, and I pass it on here:

"You cannot bring about prosperity by discouraging thrift.

"You cannot strengthen the weak by weakening the strong.

"You cannot help the wage earner by pulling down the wage payer.

"You cannot further the brotherhood of man by encouraging class hatred.

"You cannot help the poor by destroying the rich.

"You cannot keep out of trouble by spending more than you earn.

"You cannot build character and courage by taking away man's initiative and independence.

"You cannot help men permanently by doing for them what they could and should do for themselves."

There you have a political philosophy that makes a lot of sense even today. Too bad more people - especially office-holders - don't agree.

**SINGING VIKINGS** — The Singing Vikings performed at a recent Secretary's Day luncheon at the Grayling Holiday Inn. Shown in action above are sophomores Amy Smith and Allan Morford, senior Kim Stockton, sophomore Keith Whaley, junior Dennis Mansfield, senior Brenda Prause, junior Jeff Martinez, and senior Maria Perez. Not shown is Debbie Schanz, a sophomore, on the piano. The singing group is directed by Howard Taylor.

## MTA District Meeting at Holiday Inn May 24

Where can newly-elected and veteran township officials in Antrim, Kalkaska, Missaukee, Crawford, and Roscommon Counties go to gain vital information on their duties and changes in township law? They can go to Holiday Inn in Grayling on Friday, May 24, when the Michigan Townships Association (MTA) holds its Annual District Meeting in the Association's 6th District.

More than 100 township officials from the five county area are expected to participate in the all-day program. Consultants, state officials and MTA staff members will present programs on eight different topics. Registration for the conference begins at 8:00 a.m. The conference cost, including lunch and materials, is \$30.00 at the door.

MTA Executive Director John La Rose will begin the program at 9:00 a.m. with an update on state and federal legislation affecting local governments. He will discuss issues such as federal revenue sharing, local road funding, property tax reform, and problems facing township government.

After lunch, the officials will break into smaller groups to take in workshops on elections issues, special assessment districts, deferred compensation and tax sheltering income, administering the Farmland and Open Space Preservation Act, property tax collection, and property assessment.

The MTA, based in Lansing Charter Township, provides legislative representation, educational programs, and information services to more than 99 percent

of Michigan's 1,242 townships. The Grayling district meeting is one of ten Northern Michigan and Upper Peninsula stops on the MTA's Annual Spring District Tour.

Members of the press are encouraged to attend at no charge. Press packets will be available from 8:00 a.m. at the door.

## Attorney General Charges Consumers Rate Increase Is Illegal

Warren M. Hoyt, Executive Dir., MPA

part to avoid the notoriety of a Consumers' bankruptcy is unlawful.

Kelley alleged the PSC or its agents told the utility if top management were replaced, it would "look favorably" on a rate increase to ease the financial problem.

The PSC sharply criticized the management of Consumers in granting the increase and said impending retirements of two top officers were promising developments.

The PSC "has no legal power to grant a rate increase for the purpose of providing an incentive to the utility to manage its business affairs in a manner deemed appropriate by the Commission," Kelley said.

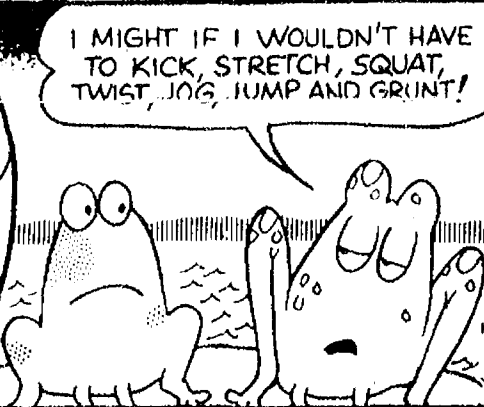

The attorney general contended a six-year rate increase unlawfully usurped the legislative ratemaking function of future PSC panels.

Kelley also appealed the decision of the other two commissioners rejecting his motion to disqualify PSC Chairman Eric Schneidewind for allegedly improper communications with Consumers officials to negotiate an increase.

**Research Excellence Details Announced**  
Details of how Governor James Blanchard's proposed \$25 million research excellence fund for the state's four major universities - Michigan State, the University of Michigan, Wayne State and Michigan Tech - were announced recently.

Out of the \$25 million, \$22 million would be earmarked specifically for the four research institutions, \$1.5 million will go to an applied technology fund for the state's other public universities and the remaining \$1.5 million will go for research being conducted at several universities.

The four research colleges would have to submit coordinated proposals for research grants which would detail long range plans to develop national excellence in research along with disseminating information learned to the state's economy, list other revenue sources for the projects and provide a pledge of continued university support for the projects.

Dear Whitey & Thelma,  
I just want to tell you how much I enjoyed reading the special section on Grayling Mercy Hospital - the picture of the old hospital where all my children were born and the picture of the nurses graduating class, which my aunt, who is Violet Williams, was in. Also the pictures of Dr. Keyport and Dr. Clippert - They were two fine doctors. Grayling Mercy Hospital has come a long way.

Would it be possible for you to send me 5 copies of the special section? If so just let me know how much it is & I will send the money.

It has been 35 years since I moved from Grayling, but I still enjoy reading the old home town paper and get a little upset if it doesn't arrive on the day I think it should.

If all goes as planned we hope to visit family & friends the latter part of August in Grayling.

My best to you and Thelma.

Sincerely,  
Marguerite Loftus

## Crawford AuSable Schools To Observe Michigan Week May 18-25

The Crawford AuSable School District will be observing Michigan Week May 18-25 with activities in all four buildings.

Frederic Elementary School students will be utilizing materials from the library to reinforce Michigan history lessons in social studies classes. Younger students will be coloring and labeling Michigan maps. In the Grayling Elementary School, student letter writing to pen pals in COOR area schools and to hospital patients will be emphasized along with social studies classroom lessons revolving about Michigan history.

Middle school students will participate in lessons with a Michigan history theme in all subject areas including: Michigan climate, local history with long time area residents as guest speakers, Michigan archeology, higher education in Michigan, personal family histories, Spanish speaking people in the state, the botany of Michigan, the auto industry,

map coordinates, computers in Michigan, Michigan industry and the National Guard in Michigan. Advanced studies students will take a field trip to the Henry Ford Museum and Greenfield Village. The week will end with the great apple pie bakeoff.

The high school will conduct a daily morning Michigan history trivia contest during morning announcements with winners competing on Friday for a grand prize.

## Doodles From The Tall Timber

By Wendell L. Hoover, Park Interpreter

At this time of year we are flooded with school groups. To have three or four different schools in the park on any given day is not at all unusual. For some schools a visit to the park is an end of the year trip, for others it is considered to be part of a particular unit on history or perhaps biology. Those schools that make a trip to the Tall Timber as part of a unit usually come from farther away than those who do not.

My May and June calendar is scheduled to the hilt with such groups. A casual glance at places includes Harrison, Marion, Gladwin, Traverse City, Ossineke, Bellaire, Manton, Kalkaska, Mio, Roscommon, Weidman and Gaylord to mention a few.

Many of these youngsters have never visited this park before and it is amazing and always exciting to introduce them to the Tall Timber. As adults we have forgotten the sensation of being dwarfed by something so large as a Virgin Pine. I grant you that those trees will never again be so large as on that first visit, but by the same token their size will always be remembered. A youngsters eyes seem to sparkle when they look up at those trees for the first time, their mouths fall open in surprise and their exclamations reveal their excitement or perhaps its awe.

This week I will take close to 500 youngsters through the Pines. The exclamations and sparkling eyes will be little different from those of last week, but the fun will not diminish one little bit. That is what makes a guided hike fun.

## Herbal Corner

Pennyroyal oil is said to deter fleas on dogs when they are sprayed with the oil after a bath. There are those people who put the Pennyroyal leaves in the dogs house. My dog politely kicked the leaves out when I turned my back on him. However, being just as stubborn, I did rinse him with the strong Pennyroyal tea and found it did keep away some of the fleas. Keeping this in mind I made a tea for myself, but I added fresh Garlic to the hot water as well. Splashing myself with the tea, I learned it did deter some of the fleas; never mind those who found themselves hungry for Italian food when they approached me.

Don't forget those Bay leaves around your kitchen cupboards to keep out unwanted vermin.

In planting your garden try planting a row of cabbages, or any of those in the cabbage family, in between your rows of potatoes. Not only do they enhance each other chemically, but the potatoes cover the cabbages as each of the two vegetables grow, thereby giving the cabbages a cool environment, which is what they like. Planting these two together keep the insects off each other. However, beware, when you harvest one, you will have to spray the other. It almost seems like the potato bugs are waiting at the edge of the garden until the cabbage is picked.

If you have any questions, please write Cerelli's Herb Farm, Rt. 1, Box 249, Frederic, MI 49733 or call 517-348-8727.

Herbally yours,  
 E. Diana Cerelli, C.H.

## Bedard Joins Century 21

**CENTURY 21 River Country Real Estate, Inc.**, of Grayling, is pleased to announce the addition of Vicki Bedard, sales associate, to their staff.

Vicki, daughter of Perry & Bev Wells, long time Grayling residents, moved back to Grayling about 3 years ago. She has three children; Beth, 17, Andrea, 16, and Nicholas 6. She enjoys music, cooking, gardening, art, drama & musicals. She is an active member of St. Mary's parish and the Crawford County Arts Council.

Her background is as varied as her interests: education in business, with 5 years experience in finance and bank management, buyer-assistant for a woman's apparel store, and restaurant manager. She is known for her sense of humor, her honesty, and ability to put in long hours for people she works for.

Her interest in real estate came... "from personal experience. It was my best teacher. I now know how vulnerable sellers and buyers are. Also that feeling of just who is she/he working for?!! I became determined to understand real estate. At some point along the way I realized that maybe I could be of some assistance to others when they make the same major decisions in buying and selling their home."

Vicki has completed Holloway Real Estate Institute I, several CENTURY 21 courses, including 2 & 1 Career Course, and VIP 101 (for relocation & referral specialists). CENTURY 21 welcomes Vicki, as well as her enthusiasm and her abilities. We feel that she has much to offer our community.

## Notice of a Public Hearing On Increasing Property Taxes

**PLEASE TAKE NOTICE** that on May 21, 1985, at 7:30 o'clock p.m. at the high school library the Board of Education of the Crawford AuSable School District will hold a public hearing on the levying in 1985 of an additional proposed millage rate of 2.18080 mills for operating purposes pursuant to Act 5, Public Acts of Michigan, 1982.

The Board of Education has the complete authority to establish that 25.1 mills be levied in 1985 from within its present authorized millage rate.

The maximum additional proposed millage rate would increase revenues for operating purposes from ad valorem property tax levies in 1982 otherwise permitted by Act 5, Public Acts of Michigan, 1982, by nine and 52/100 percent (9.52%).

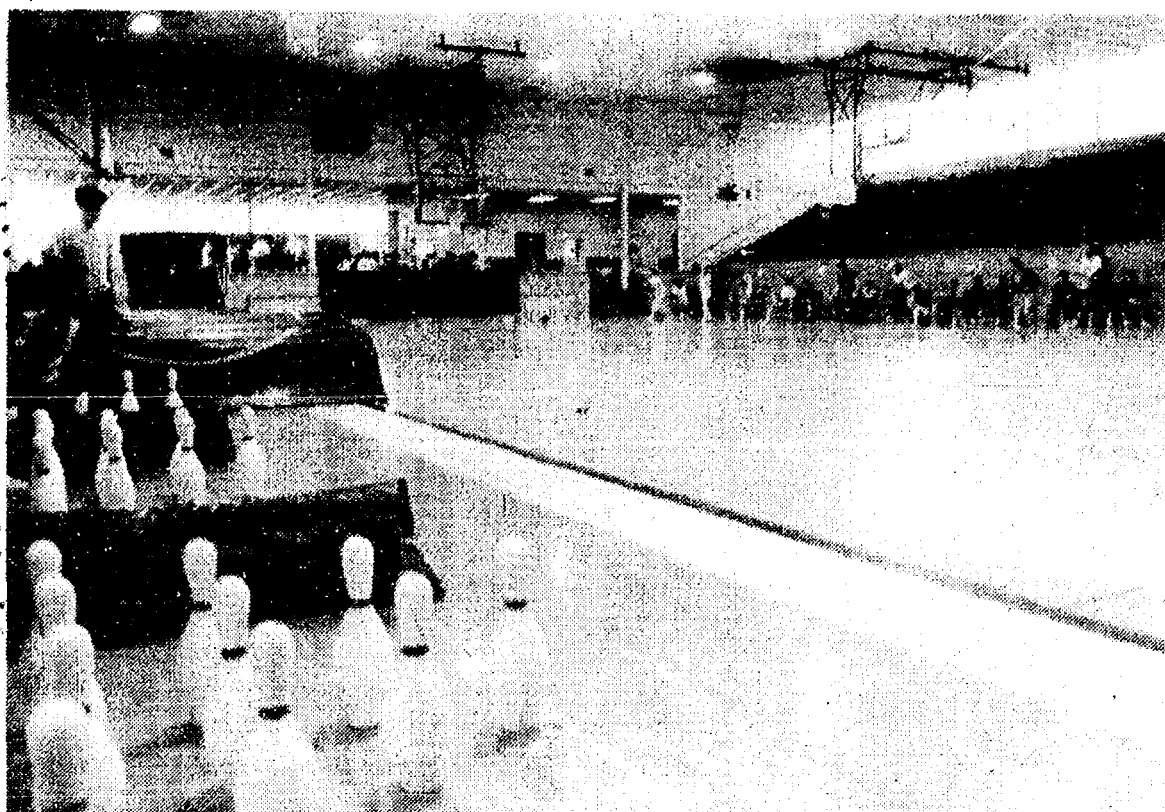

The figure for increase in revenue for operating purposes is based on the latest estimate of state equalized valuation of property located within the school district. State equalized valuation will not be finalized until after the fourth Monday in May. In the event that state equalized valuation as finalized is for any reason higher than the estimate used for this hearing, the Board of Education must hold another public hearing before levying millage on any higher valuation.

The purpose of the hearing is to receive testimony and discuss the levy of an additional millage rate. Not less than seven (7) days following the public hearing, the Board of Education may approve all or any portion of the proposed additional millage rate.

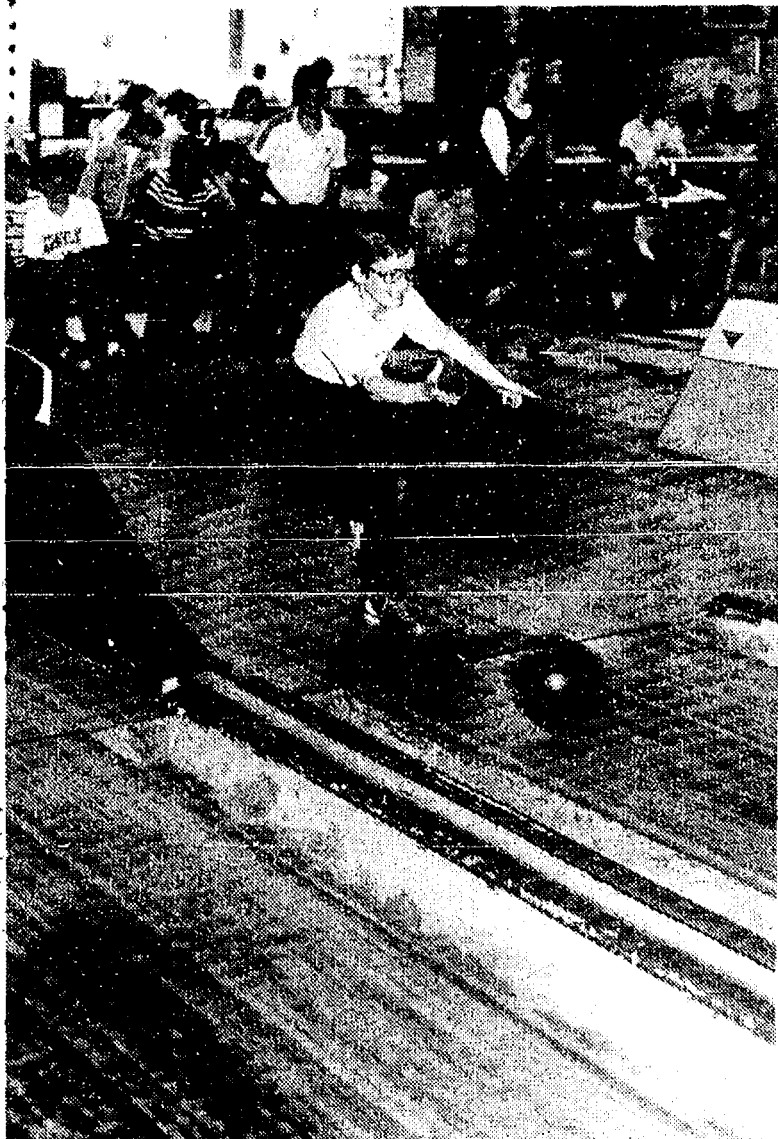

This notice is given by order of the Board of Education.

Mary A. Allen  
 Secretary, Board of Education

**BOWLING FEVER** — About 350 Grayling Middle School students spent the last couple of weeks learning the game of bowling through their physical education classes. P.E. instructors Fred Wolcott and Ann Doty constructed 10 lanes in the middle school gym and used special rubber balls to teach the students the game. The last week, Grayling Legion Lanes allowed the students to bowl for free.

## Resource Review

By Bruce Patrick  
Conservation Officer

A problem we face every spring is the removal of young animals from their natural habitat. Many people just cannot help themselves when they see what they think is an abandoned baby. A serious situation arises when the animal involved is a deer. A fawn is cute, fun and defenseless and people feel they are doing a good thing when they "rescue" it from the wild.

What people don't realize is that 99% of the time the fawn's mother is probably watching them as they pick it up and carry it away. Practically any animal will leave its young for various lengths of time. Never far away, always watchful, the parent is there.

After the fawn is "saved", problems begin to develop. What to feed it? Where to keep it? How long to keep it? A wild animal raised in close captivity does not have an opportunity to fine tune survival skills needed in the wild and has a reduced chance of survival when released.

Some animals become dangerous as they become older. A young girl from the thumb area was nearly killed several years ago by an antlered buck which had been raised by a neighboring farmer. The 1½ year old buck attacked the girl for no apparent reason, severely lacerating her face with his antlers as she approached to pet him.

A raccoon, another frequently "saved" baby animal is a very endearing wild baby. But they have a real tendency to viciousness as they grow older.

The best thing to do when you see a young wild animal is to leave it alone. Don't touch, don't approach too closely. Observe it quietly if you wish, but leave it where you find it. Nature takes care of its own.

## Scholarships Available To County 4-H'ers

Crawford County youths who have completed at least one year of 4-H work are eligible for college scholarships totaling \$7,750.

Most of the grants are \$1,000 each and will go to young people planning careers in agriculture or related fields, such as forestry, veterinary medicine and animal science.

"Quite a variety of scholarships are being offered to 4-H'ers this year," says Ann Stephenson, Crawford County 4-H Program Assistant.

A \$750 scholarship will be awarded to a 4-H member enrolling in any major at an accredited college, university, or technical or trade school this fall who was influenced by 4-H in his or her career choice. This scholarship is in memory of Gertrude L. Warren, a pioneer 4-H leader often described as "the mother of 4-H."

Two other scholarships of \$1,000 each are being provided by Who's Who Among American High School Students, of Lake Forest, Ill.

The Education Foundation of Alpha Gamma Rho, Des Plaines, Ill., is offering a \$1,000 scholarship to a current 4-H member who will be enrolled as a college freshman this fall in agriculture, forestry, veterinary

medicine or a closely related field.

Two \$1,000 scholarships are donated by Wayne Feeds Division of Continental Grain Co., Chicago, to present or former 4-H members currently enrolled in a college of veterinary medicine.

Scholarship winners are selected by the Cooperative Extension Service and will be announced during the 64th National 4-H Congress, Dec. 1-5 in Chicago.

For more information and applications, contact Stephenson, at the Crawford County Cooperative Extension Service office, or call 348-2841, ext. 265.

## Change Blood Screening Clinic

Due to the observance of Memorial Day on Monday, May 27, Mercy Hospital has changed the date to the monthly blood pressure screening to Monday, May 20. The clinic time will be from 3:30 until 7:30 p.m. in the lobby of the hospital.

May is National High Blood Pressure Month. The staff at Mercy Hospital and the American Red Cross encourages those persons who have not had their blood pressure checked within the last six months, to stop by and do so at this time.

The focus of National Blood Pressure Month is control as a means of reducing the long term effects of high blood pressure. A recent report by the National Heart, Lung and Blood Institute on the detection, evaluation and treatment of high blood pressure indicates an added consideration has been given to non-drug therapy as a way to control high blood pressure. Reduction in weight, sodium (salt) restriction, moderate alcohol consumption, no smoking, reduced intake of saturated fats, and exercise, are integral to a total program of blood pressure control.

Although great strides in high blood pressure control have been made, further emphasis needs to be made in early detection for prompt treatment of high risk individuals; life style modifications, dietary management, counseling and assuring those on drug therapy stay on their daily program.

## Hospital News

The following were among those admitted to Mercy Hospital during the past week: Diane McClain and Shari Ross of Roscommon; Willis Muckenhirn of Mio; Leata Pennington of Houghton Lake; Elsie Witherspoon of St. Helen; Catherine Prattenger of Higgins Lake; Benjamin Haskel of Gladwin; Jesse Gildner, Sharon Harrison, Theresa DeMoines, and Shannon Wakeley all of Grayling.

Those discharged were: Floyd Bradley of Houghton Lake; Joseph Dee, Virginia Lockwood and Shari Ross & baby girl of Roscommon; Mary Shetter and John Hansen of Lewiston; Sarah Shafer, Russell Wright, Jesse Gildner, & Shannon Wakeley all of Grayling; Catherine Prattenger of Higgins Lake; and Benjamin Haskel of Gladwin.

Richard & Grace Roberts of Merrit, Mi. are proud to announce the birth of their daughter, Andrea Mary, born on May 1, 1985. Andrea weighed 6 lbs. 3 1/2 ozs.

Leslie & Patricia Murray of Roscommon, Mi. are proud to announce the arrival of twins. A boy, Arlen Glen, weighed 3 lbs. 13 ozs. and a girl, Bonita Mae, weighed 5 lbs. 7 ozs. Both were born on May 10, 1985.

## W.I. F. News

We will be having a space in the Frederic Flea Market May 18th at the park. The AuSable Sno-Birds will be sponsoring this event. The flea market will be held two days, weather permitting, on Saturday the 18th and Sunday the 19th starting at 10:00 a.m. to 6:00 p.m. We hope to see a big crowd there.

Due to Lila Myers moving away, her position as treasurer will be taken over by Cheryl Halstead who is also our groups secretary.

We are presently working on a Frederic Day for August 3rd. We already have a band to play that day and also a lady who will do rope twirling. We hope we can get the community out to the park for one big picnic and enjoy each others company. We will have more news on this later.

We would really like to see some new members at the fire hall. We are extending an invitation to anyone in the Frederic and Maple Forest area to go to our meetings held on the 1st and 3rd Tuesday each month at 7:00 p.m. Ann Denno

## Bake Sale & Rummage May 25 - 27

A large rummage and bake sale will be held Memorial weekend at the Blue Lake Fire Dept. located on Blue Lake Rd. in Kalkaska County.

The hours are 9 a.m. to 6 p.m. Saturday and Sunday plus 9 a.m. to noon Monday. All proceeds will be used to buy rescue equipment for the fire dept.

## Notice To The Residents of Grayling Township

**NOTICE OF RIGHT TO REFERENDUM ON  
BECOMING A CHARTER TOWNSHIP**

Official certification has been received from the Michigan Secretary of State that the township of Grayling has a population of 2,000 or more and the township board has the right to exercise one of three options concerning status as a charter township under the provisions of Act 359, Public Acts of 1947, as amended:

1. Adopt by majority vote a resolution opposed to incorporation as a charter township.
2. Adopt by majority vote a resolution of intent to approve incorporation as a charter township.
3. Adopt by majority vote a resolution to place before the electorate at the next regular or special township election the question of incorporation as a charter township.

In the event option 2 is adopted by the township board, the citizens of the township have the right to file a "Right to Referendum Petition". This petition must be filed within the 60 days which must lapse between passage of a resolution of intent to incorporate and final passage of the resolution to incorporate as a charter township.

The petition will follow, in general form, the nominating petition form as prescribed in the Michigan Election Law, and in the heading will indicate "Disagreement of Intent to Incorporate as a Charter Township." The petition must be signed by not less than 10% of the registered voters of the township based on the vote cast for all candidates for supervisor at the last election at which a supervisor was elected.

If the petition is successful, the question of incorporation will be placed on the ballot at the next general or special township election.

## National Nursing Home Week

By Nancy K. Holcomb,  
Activities Director,  
Grayling Health Care Center

National Nursing Home Week, celebrating the contributions and lifetime achievements made by the elderly who now reside in nursing homes, is May 12-18.

According to President Reagan, "I urge all Americans to remember the contributions our older citizens have made in building America. (Their) Wisdom, memory and life experience can help us all to better understand this complex and changing world."

Also, declared as Michigan Nursing Home Week by Governor Blanchard, the week is set aside to recognize, support, show encouragement to and appreciation for "the high standard of care that long term care facilities are providing in our state," says Blanchard.

Americans are now living longer than ever before, since 1900 life expectancy has increased in the United States by more than 20 years.

Currently 11.3% of the nation's population is age 65 or over and nine million of these are age 75 or older (the age group most likely to enter a nursing home).

Because of this "population explosion" among the aged, more elderly are moving into nursing homes than ever before.

As the fears and misconceptions about growing older give way to the knowledge of the aging process so too do the myths that a nursing home is "just a place to die" give way to the modern, long term care facility.

Today's long term care facility focuses on health by providing needed medical attention while providing

restorative care including physical, occupational and speech therapies.

A modern facility is also designed for the safety as well as the comfort of each resident from building layout to furniture construction.

Today's nursing home features a stimulating activities program that provides individual as well as group activities allowing each resident to continue old hobbies while pursuing new interests.

A modern nursing home concentrates on meeting the

physical, emotional, spiritual and social needs of each resident allowing them to maintain the highest level of independence possible while providing an atmosphere that fosters a resident's self-confidence and self-respect.

National Nursing Home Week is sponsored by the American Health Care Association.

## Editor's Mailbox

To The Editor

Recently I have learned yet another lesson in the neverending school of life. In sharing this information with your readers perhaps I can help someone else who may be facing the same problems I am.

When you engage an attorney, do not blindly follow his advice. Most of us assume that they know the law and don't bother to ask questions. Many times we find that the action they take are not in our best interest. Often resulting in damages to us, monetary or otherwise.

If you have been damaged by a lawyers misrepresentation or bad advice there are some things you can do. Don't stand back and accept the cards that are dealt to you! These people depend on the fact that they intimidate most of us, they are not Gods. We all start out in life the same way and should not allow ourselves to be made to think that anyone is better than we are. Be warned, there is a two year statute of limitations for any malpractice suit. If an attorney feels he is in this position, he may try to sit out the time by ignoring you or stalling in some other manner.

You will have to search, but there are a few lawyers in Michigan who handle legal malpractice. Contact one of them by all means. They can determine whether you have a valid complaint for suit. A lawyer in your own area may not be the best choice as he may be intimidated by the attorney in question, it's best to go somewhere else. If you are gun shy by now (and most of us would be), you also have a right to file a grievance with the State Bar and they will do a full scale investigation if they think you have a valid complaint and malpractice has been committed. This rarely will result in a monetary settlement, but you may gain some satisfaction in knowing that the Bar can revoke or suspend the right to practice if the offense is great enough.

I'm sure I may turn up more alternatives as I research this more fully. If there is anyone out there who was wondering where to go next I hope I have been of some help.

Sincerely,  
Dixie Lobsinger

## School Retirees Annual Party

The tenth annual party for retirees and long-time staff members of Crawford-AuSable School District was held Saturday evening, May 11, 1985. Ninety-nine people were in attendance at the 6 o'clock dinner held again this year at the home of Bob and Fay Bovee.

A ham dinner prepared by Fern Duncan and Eunice Slusser, was greatly enjoyed, as was the evening of visiting. A short informal meeting was held at which time Betty Millikin volunteered to serve with next year's committee. She replaces LeRoy Christian, who has served for many years, and she joins LeRoy Akers and Bob Bovee in planning for the 1986 dinner.

It was noted that two more of the retired teachers passed away during the past year, Margaret Fenton of Grayling, and Laura Giegling of Pacific Grove, California.

Attending were LeRoy and Marie Akers, Floyd and Betty Millikin, Wes and Sally Kumpula, Joe and Faith Stripe, Art Thayer, Peg Milnes, Bob and Katie Funk, LeRoy and Loretta Christian, all of Grayling, Inez Edson of Honor and Ralph and Ruth Miller of Traverse City.

## AARP to Meet

The American Association of Retired Persons #1681 will hold the May meeting on Monday the 20th at 1:30 p.m. at the Commission on Aging office within the Grayling Housing Project.

This is the annual meeting and there will be installation of officers. Also new members will be accepted at this meeting. All members are urged to attend, and visitors are always welcome. Refreshments will be served.

## Wedding Announcement

The parents of Christiane Marie Howes and Richard Alan Brown are proud to announce their marriage. Christiane is the daughter of JoAnn M. Howes and the late David P. Howes of Battle Creek, Michigan. Richard is the son of Claudette L. Brown of East Detroit, Michigan.

A May 17, 1985 wedding has been planned. The couple will be residing at Bear Lake, where they are presently building their new home.

## Amy Smith Places 5th In State

The Grayling High School Individual Speech Events (Forensics) team ended its 1985 season on an upbeat note, with sophomore Amy Smith winning the 5th place trophy in the State Finals Tournament in the category of Serious Interpretation (9-10).

Smith, a transfer student to Grayling from Interlochen Arts Academy, has had an exciting season in forensics competition: In invitational tournaments, she took 1st place at Standish-Sterling Central and 2nd place at Traverse City St. Francis.

She competed while ill in the District Tournament, held at Grayling High School, where she won 3rd place. She then went on to win 1st place at the Regional level, which qualified her for the State Tournament at the University of Michigan on May 4.

Smith competed at U of M against 23 other regional winners, with her prose selection, an excerpt from "The Woodshed," written by her mother, Shirley Smith Schmooch; and her poetry, a cutting from Dante's "The Inferno."

Coach Nancy Lemmen says, "Amy is especially effective in using her voice as an instrument. Her Interlochen training in voice is evident in her reading."

Smith prepared herself for forensics competition while simultaneously rehearsing for the role of Guenevere in the GHS spring musical, "Camelot."

Lemmen stated that the entire IE team performed well this season, with several wins at invitational and district tournaments.

## Chamber Chatter

Let us again emphasize the importance of communicating your activities with the Chamber of Commerce Calendar of Events. The High School has published a Calendar that is very complete, especially school activities, but events become scheduled after the School Calendar has been printed. These late scheduled events can be checked against the established calendar for comparison. Not all people attend all functions, that's why events of a different nature are acceptable for scheduling. You wouldn't expect men to attend ladies sewing circles. At any rate, if you are planning an activity and are inviting the participation of the public community then by all means, please call us, check all the calendars for scheduling to see if there is room for both events, not conflicting.

Everywhere we go, people are commenting on the "Early American" appearance of our town's businesses. The gingerbread trim and fancy paint jobs certainly adds to the appearance of the structure. Terry Dickinson found himself a home when he came to Grayling a couple of years ago. Terry is responsible for the design ideas that you see in the finished product. Extensive decorations were employed by Weaver's Gift Shop and lesser modifications by others. The new "Biggie" is the Mercantile Mall, recently purchased by Bruce Gillis. Bruce has Terry and others completely renovate the whole building. You can see the Dickinson touch on the outside trim of the building which is a welcome addition to the downtown scene.

Our heartiest congratulations to John Alef II, chosen as the new President of the Grayling Regional Chamber of Commerce for the fiscal 1985-86 year. Serving with John is Norma Naour, first vice president; Randy Thompson elected 2nd vice president and Dr. Paul Mesack, re-elected to secretary-treasurer. Formal installation ceremonies will take place at the Annual Chamber of Commerce Banquet to be held on May 16, 1985, at the Red Barn. Tickets for the event are available from any Board Member or the Chamber office. Outgoing President Kathy Ashton remains on the Board and will deliver her Progress Review Address at the banquet. There will be entertainment and a drawing for a barrel of good cheer. Please call the Chamber office for tickets and reservations, 348-2921 or 348-7315.

Yes, Jellystone Park Camp Resort is open this year! The new owner-operator Greg Schoo, is ready and waiting for business. Greg has joined the Chamber and is planning a grand opening soon.

A ribbon cutting will be held for Advanced Business Machines at the Frederic branch of the Grayling State Bank on Thursday, May 16th at 10:00 a.m. Floyd Hanger is the proprietor of the business and also repairs business machines.

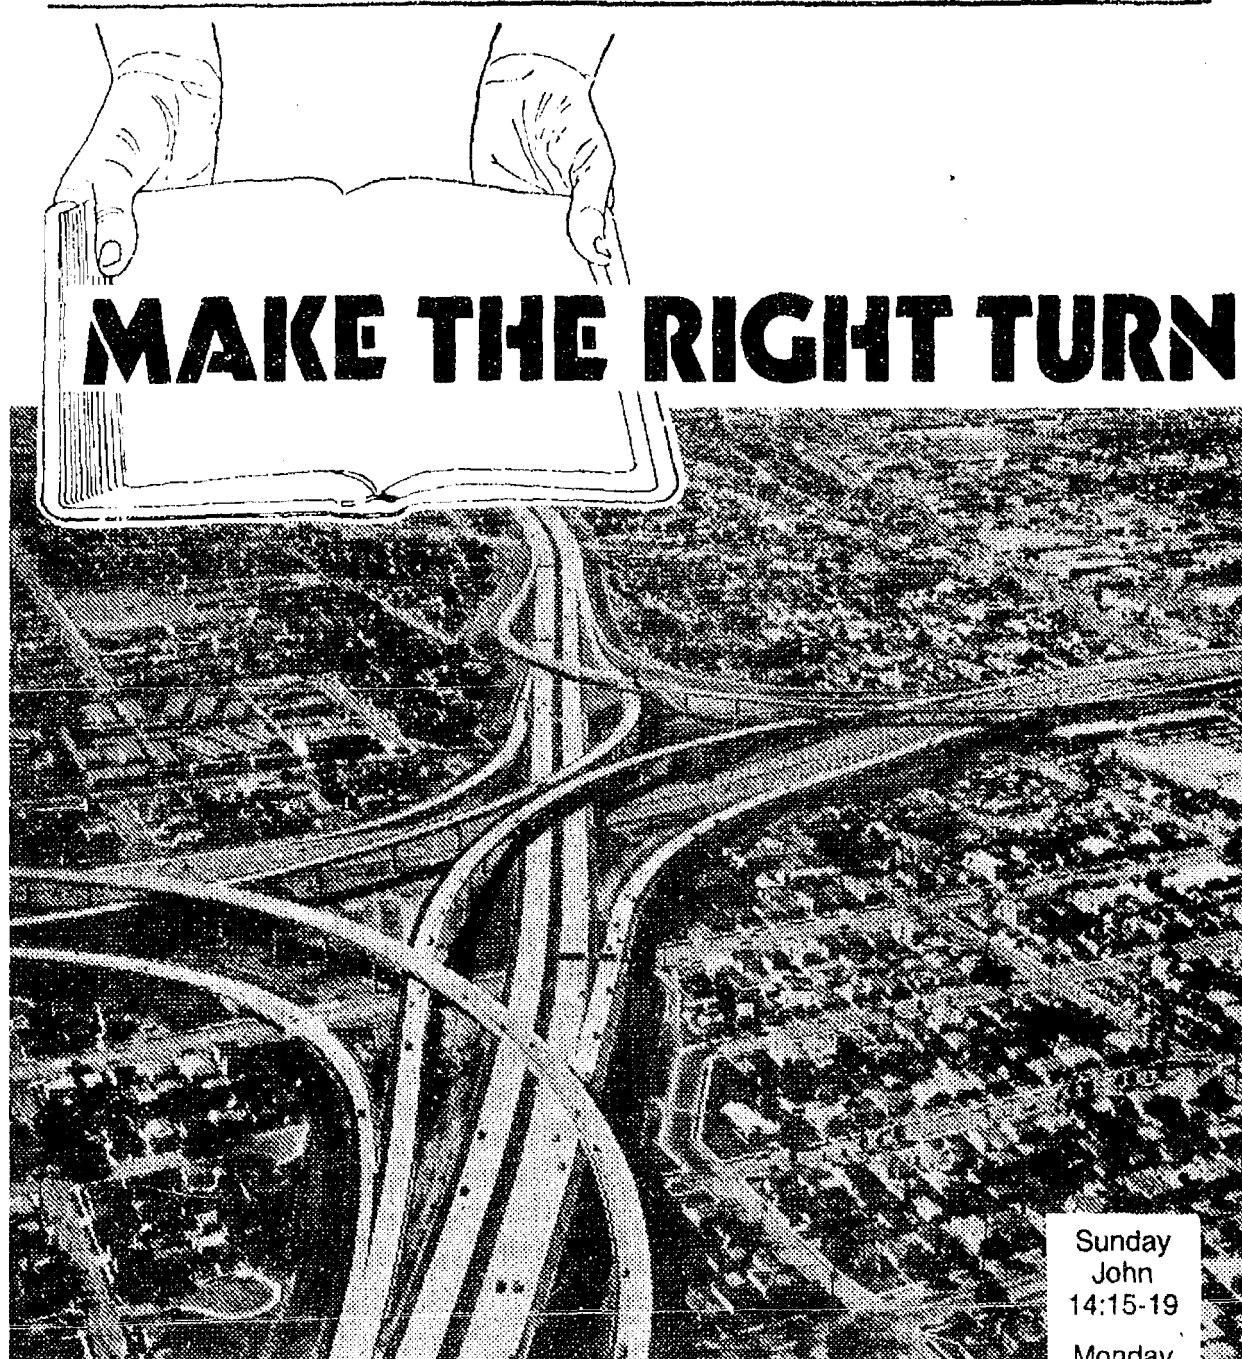

A ribbon cutting and grand opening was held last week for DuBois Lumber. Owner Dave Wyman has constructed a very attractive building for his business and has improved that area of town immensely.

We are very proud of these businesses and wish them the very best.

## CHURCH DIRECTORY

Our interstate roads tell us something about human character: We need challenges and a map or plan to guide us in life.

We spend time putting together a route we'll look at once or twice — then discard.

There are different kinds of challenges. To the climber, a mountain presents a physical challenge. To the mathematician, an equation presents a mental challenge.

Through the centuries one of the most important challenges has been spiritual. God gave us the capacity to explore our relationship with HIM, to discover the deep truths that give life its richest meaning.

Don't discard the challenge of Faith. Join your neighbors next week in worship.

### Notice of Mortgage Foreclosure Sale

Default having been made in the conditions of a certain mortgage made the 1st day of August, 1984, by KAYWOOD CURTIS WOODCOX and CLIFFORD POLL, JR., as Mortgagors, to the NORTHERN NATIONAL BANK (CHEMICAL BANK NORTH ASSIGNEE/SUCCESSOR), of Grayling, Michigan, Mortgagee, and recorded on the 6th day of August, 1984 in Liber 227, Page 120-123 in the Office of the Registrar of Deeds for Crawford County, Michigan, on which mortgage there is claimed to be due and unpaid at the date of the Notice the sum of EIGHTEEN THOUSAND SEVEN HUNDRED EIGHTY FIVE DOLLARS AND 99/100 (\$18,785.99), plus interest and other allowable costs;

Further, no suit or proceeding at law or in equity having been instituted to recover the debt or any part of the debt, secured by said mortgage, and the power of sale contained in said mortgage having become operative by reason of such default;

NOW, THEREFORE, notice is hereby given that on the 5th day of June, 1985, at 10:00 in the forenoon at the main front door of the Crawford County Building, Grayling, Michigan, that being the place for holding the Circuit Court for said County, there will be offered for sale and sold to the highest bidder at public sale, for the purpose of satisfying the amounts due and unpaid upon said mortgage, with interest thereon at sixteen per cent, together with legal costs and charges of sale, provided by law and in said mortgage, the land and premises in said mortgage mentioned and described as follows:

A parcel of land lying in the West 1/4 of the Northwest 1/4 of the Northwest 1/4 of Section 11, Township 25 North, Range 3 West. Beginning at the Northwest corner of the NW 1/4 of the NW 1/4, thence Easterly along the North Boundary line, 388 feet, thence South and parallel to the West line of the NW 1/4 of the NW 1/4 of the North Boundary of the Pere Cheney Plat, thence to the Northwest corner of the Pere Cheney Plat, thence South to the Penn Central Railroad right-of-way, thence Westerly to the West Boundary of Section 11, Township 25 North, Range 3 West, thence North to Point of Beginning.

**BEAR DAY** — On April 26, 1985, Friday, Mrs. Bovee's fourth grade class had Bear Day from 9:00 to 2:30. Everybody in her class brought bears. Heather Millikin brought twenty bears. Everybody in the school came in and walked around our room. The first graders and the second graders came in and our class read them a story about bears (of course). Altogether we had 169 bears. Some of the girls dressed up like babies and pretended they were going to bed with their bears. We had the foster grandma's come in and judge our bears. Our prizes were for smallest, biggest, prettiest, and funniest. Also, we had other things with bears on it, books, paper, pins, posters, shirts, stickers, doll clothes, and folders. At the end of the day we took the most bears we could hold and we had our pictures taken. The reason why we had Bear Day is because Teddy Roosevelt was afraid to shoot a bear cub. By Sarah Neal, fourth grade.

### To Let Bids For Highway Work

Setting the tone for a busy summer of construction and extensive improvements to Michigan's transportation infrastructure are 88 projects on which bids will be taken in Lansing May 22, the Michigan Department of Transportation (MDOT) said today.

The projects, totaling more than an estimated \$45 million, will provide improvements on everything from county bridges to nearly 100 miles of railroad track.

Bids will be opened at 10:30 a.m. in the Lansing Civic Center.

Included in the bid-taking are 20 projects calling for improvement and construction at 14 publicly-owned airports in Michigan.

There also are 13 projects involving removal and replacement of deteriorated or functionally obsolete bridges on county roads throughout the state. Hundreds of miles of state highways and county roads will be resurfaced.

For Crawford County — Resurfacing on four miles of Chase Bridge Road from M-

18 to Pere Cheney Road northeast of Roscommon; October 1985. Crawford County Road Commission project.

### Motorcycle Safety Course at Houghton Lk

There will be a motorcycle riders safety course sponsored by the Roscommon County Sheriff's Department and Hacker's Yamaha and Honda, funded by the Michigan Department of Education and the students tuition, on May 25 & 26, June 8 & 9 and June 22 & 23. Classes will be held at the Houghton Lake High School.

Attendance for both days is necessary from 8 a.m. to 8 p.m., which includes an extensive classroom and practical course in bike riding. A \$25.00 fee and a helmet are necessary to take the course. The bikes, textbooks and all else will be furnished.

Registration will be at Hacker's Yamaha and Honda in Houghton Lake, telephone number 366-7015. Limit 8 students per class.

### Your Week Ahead Horoscope

Forecast Period: 5/19-5/25/85

#### ARIES

The new moon puts emphasis on financial matters and increasing assets. A plan you've been mulling over takes shape.

#### TAURUS

Apr. 20-May 20

Relationships, and one in particular, take on deeper meaning. There is a mental rapport that provides the cementing action.

#### GEMINI

May 21-June 20

Give in to your need for seclusion while you catch up on neglected tasks and obligations.

#### CANCER

June 21-July 22

Friends and group associates keep you busy. Be careful you don't take on more responsibilities than you have time for.

#### LEO

July 23-Aug. 22

Contacts made in social affairs prove fortunate for advancing business interests. A family member may delay things somewhat.

#### VIRGO

Aug. 23-Sept. 22

Distant interests and plans for the future are accentuated. Academic prospects take on a brighter look.

#### LIBRA

Sept. 23-Oct. 22

Sweet talk will get you what you want. If you really need a loan or credit, go for it.

#### SCORPIO

Oct. 23-Nov. 21

Let your mate or partner have the lime-light. Listen to the words of wisdom issuing forth and be happy.

#### SAGITTARIUS

Nov. 22-Dec. 21

The spotlight is on employment matters and relationships with co-workers. Tone down your tendency to be overly critical.

#### CAPRICORN

Dec. 22-Jan. 19

Heart interests are strained. Express your true feeling and drop that cold facade you've adopted.

#### AQUARIUS

Jan. 20-Feb. 18

Property interests will be in the forefront. Looks like you should be prepared for some radical change.

#### PISCES

Feb. 19-Mar. 20

Dealings with people around you provide new interest in community and family affairs. Someone close helps you decide.

Even with the renovation of the middle school, Reynolds said the school district will face a shortage of five classrooms at the elementary level by the school year 1988-89. Reynolds recommended putting the middle school and elementary school work together on one ballot issue to take care of the problems all at once and avoid returning to the voters.

Reynolds said four major themes surfaced at the public hearings. 1) The renovation issue had support because many people recognized the community said no

three times to a new building proposal. 2) Many school supporters would like to address all the problems at once but the school board should stick to the main problems that need to be solved. 3) District maintenance has been improved and people want it to continue. 4) If the school board chooses a renovation plan, make sure it is one that does the job right. Don't use band aids on the building.

The last new middle school proposal presented to voters in December, 1984, asked for 3.86 mills for 20 years to build on the Grayling football field site.

## Statewide Celebration For Michigan Week May 18 - 25

The people of Michigan will be in force to celebrate the strengths and beauty of Michigan during Michigan Week May 18-25.

"This special week-long celebration is a time for Michigan residents to rediscover the many opportunities our state has to offer in education, industry, tourism and parklands," said Hans Schuler, president of Schulers and 1985 Michigan Week chairperson.

Michigan Week is comprised of eight theme days encompassing hundreds of

activities throughout Michigan communities. Festivals, parades, concerts and award ceremonies are just part of the fun, Schuler said.

### THEME DAYS

May 18, Home Town Day, the official start date for Michigan Week, is a day for those away from home to return to their home town in person or in thought to demonstrate pride in their place of birth.

May 19, Heritage Day, is a time to celebrate the historical and cultural legacies that make each community unique.

May 20, Government Day, one of the most exciting programs of the week, features the Mayor's Exchange in which mayors and city officials trade places with other cities to exchange ideas and discuss matters of mutual concern.

May 21, Agriculture Day, pays tribute to the hundreds of thousands of people employed in Michigan's agricultural industry which produces 100 percent of the nation's cranberry beans and leads the world in the growth of red tart cherries.

May 22, Commerce Day, gives Michigan a chance to show off its new pro-business spirit.

May 23, Education Day, recognizes the entire education system from students and teachers to support personnel.

May 23, Travel/Tourism Day, highlights the attractions and historical landmarks which make our state a vacation wonderland.

May 24, Family Day, ends the week-long celebration by honoring the institution that the foundation of our state is built on - the Michigan family.

### Rousseau Named Assistant V.P.

Gary L. Rousseau, manager of Great Lakes Federal's Grayling branch, has been promoted to assistant vice president.

Rousseau began his career at Great Lakes Federal, Michigan's third largest S&L, in 1977 as a trainee in the appraisal department. He became Grayling branch manager in 1984.

Rousseau has an associate of arts degree from Delta College and is a graduate of Central Michigan University with a bachelor of science degree in education. He is recognized as a Senior Residential Appraiser by the Society of Real Estate Appraisers.

Rousseau is a Grayling resident and a member of the Grayling Rotary Club.

The Grayling office is one of 56 Great Lakes Federal branches spanning the state of Michigan. Great Lakes Federal is a publicly held savings and loan association ranked 59th largest in the nation.

### Par For The Course

Monday Night Ladies Golf League - Attention! The organizational meeting will be held on May 20th at 7:00 p.m. at the clubhouse. Beginners are welcome and you do not have to be a member of the Country Club to join this league. For more information, call Peg Carlisle, the 1985 President at 348-8555.

### Bits O'Talk

Clifford Glenn of Columbus, Ohio and Mr. and Mrs. Walt Neal and family, John, Karen and Amy of Bay City visited Mrs. Ruth Hooper over the weekend, while here they helped her celebrate her 81st birthday.

Jeff Bond spent the past weekend in Lansing visiting his parents, Jim and Phyllis Bond and his grandparents, the Frank Bonds. Frank is ill and is a patient in St. Lawrence Hospital, his address is: 1210 W. Saginaw, Lansing, MI 48917.

The Grayling Pharmacy has just expanded their selection of children's books. Many well written, fun and educational children's books for all ages from \$1.95 can now be found right here in Grayling.

Mr. and Mrs. John Kasper of Davison visited his mother for the weekend, Mrs. Mary Kasper.

### COOR to Benefit

WJGS will be sponsoring a Putter Golf Tournament at the course in Prudenville on May 18th & 19th. Half of the proceeds will be going to the COOR in Roscommon, also half of the proceeds from Carter's IGA Hot Dog & Coca Cola sale going to the ROOC Workshop.

Registration will start at 10:00 a.m. on the 18th with the finals to be held Sunday starting at 12 noon. There will be no admission fee but there will be a box for donations. Everyone is welcome to participate.

## May is High Blood Pressure Month

Check Your Blood Pressure  
FREE At  
Mac's Drug Store

122 Michigan Ave., Grayling, MI. — 517-348-2181

"SERVING GRAYLING FOR OVER 55 YEARS"

Free blood pressure testing during all business  
hours. Everyone is welcome

#### Why should we measure blood pressure?

High blood pressure should be kept in check because it can contribute to heart disease, strokes and kidney disease. In general, the lower your blood pressure, the longer you will live.

#### What is normal blood pressure?

This chart should serve as a reference for adults

Pressure	Systolic	Diastolic
Normal	139 or less	89 or less
Borderline	140-159	90-94
High	160 or more	95 or more

#### How often should I check my blood pressure?

To determine your average or typical blood pressure, test it 5-10 times over a period of 3-10 days and determine the average. Then if your average blood pressure is in the normal range, check it again once or twice a year.

If your average blood pressure is in the borderline or high range, consult a physician to discuss your blood pressure record.

Finally, don't forget that it's normal for measurements taken just minutes apart to vary as much as 10-30 points. So the average is very important.

Care enough about yourself to drop by and check your blood pressure. Remember, it's free.

WE CARE ABOUT YOUR HEALTH
